DETAILED ACTION

Applicants' arguments, filed 11/20/2008, have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either reiterated or newly applied. They constitute the complete set presently being applied to the instant application.

Claim Rejections - 35 USC § 102-previous

Claims 1-4, 7-10, 12-15 and 20 remain rejected under 35 U.S.C. 102(b) as being anticipated by Mayfrank et al., (Acta Neurochir (Wien) 1993).

Applicant argues that Mayfrank is not anticipatory since it does not suggest treatment of an extravascular hematoma or blood clot in a subject. However, applicant points out that the reference shows that rtPA was used to dissolve intraventricular blood clots. The **intraventricular** blood clot is an extravascular hematoma, since it is outside of the vasculature. In other words, the blood clot or hematoma is located in the ventricle of the brain, not in a blood vessel. Thus, it is extravascular. Accordingly, the rejection is maintained.

Claim Rejections - 35 USC § 103

Claims 11, 16 and 17 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Mayfrank et al. (*supra*) as applied to claim 1-4, 7-10, 12-15 and 20 above.

Applicant argues that Mayfrank does not teach a method for the treatment of an extravascular hematoma or blood clot in a subject. However, as discussed above, the intraventricular hematoma of Mayfrank is an extravascular hematoma.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
